SUMMARY

Driven computer science graduate with a strong foundation in Java and web development technology, seeking an entry-level software development position to leverage my skills and contribute to innovative projects

EDUCATION

Sathyabama Institute of Science and Technology, B.E in CSE	2020 - 2024
CGPA: 8.2	Chennai, India
TIRUMALA JUNIOR COLLEGE, Intermediate	2018 - 2020
CGPA: 9.3	Rajahmundry
SASI ENGLISH MEDIUM SCHOOL	2017 - 2018
The Board of Secondary Education of Andhra Pradesh	Rajahmundry
CGPA: 9.5	

SKILLS

Front End: React.js, HTML, CSS, JavaScript

Back End: Core Java, JDBC, Hibernate

DataBase: SQL

PROJECTS

- **Designing an ML-powered assistive technology for people with cognitive and mental disabilities**, developed a machine learning-driven platform using Python and Streamlit to analyze cognitive and emotional states from diverse inputs including text, audio, and video. Implemented data preprocessing, classification algorithms, and interactive visualization to facilitate real-time insights and user interaction.
- **Hotstar clone**, Designed and developed a clone of the Hotstar app using HTML, CSS, JavaScript, created a feature-rich streaming platform inspired by Hotstar, offering movies, TV shows, and sports content. Implemented user authentication, intuitive UI, and smooth video playback for an engaging user experience

PUBLICATION

- **Designing an ML-Powered Assistive Technology for People with Cognitive and Mental Disabilities**, IEEE xplore link Developed an innovative assistive technology to support individuals with cognitive and mental disabilities using machine learning. Published in the ICONSTEAM conference proceedings on IEEE Xplore.
